

IDAHO GOVERNOR'S CUP

The Idaho Governor's Cup... *where Idaho students win*. For over 50 years, the Idaho Governor's Cup Scholarship Fund has provided scholarships for high school seniors to continue their education at Idaho's four year universities & career technical programs. All proceeds from the Idaho Governor's Cup event are dedicated to funding this program.

HELPING KEEP IDAHO'S BRIGHTEST MINDS IN IDAHO

These 2024 award winners are now attending Idaho schools with the help of the Governor's Cup Scholarship. Academic scholars are awarded a renewable \$5,000 scholarship & career technical students receive a renewable \$3,000 award.

HALLE HART, EMMETT HIGH SCHOOL

Boise State University, Mathematics & Secondary Education

"I would like to thank all those involved in providing me with this scholarship to further pursue my education. Having the opportunity to see my countless hours of hard work pay off, and receiving this scholarship, is nothing short of a dream come true. I will be attending Boise State University, and majoring in Mathematics with a Secondary Education emphasis. My biggest goal in receiving this scholarship is to complete my schooling and return to the very classrooms that taught me all I know."

NATHAN ROCHE, SANDPOINT HIGH SCHOOL

Idaho State University, Aircraft Maintenance

"A simple thank you seems inadequate for your help in enabling me to pursue my dreams! I am planning to obtain a degree in the Aircraft Maintenance Technology program at the College of Technology of Idaho State University. This scholarship is greatly helpful to me as getting into an aviation career is a financially challenging path to walk. Thank you, again, this is so greatly appreciated."
