Sun Valley

Dear Friends,

We would like to personally invite you to join us for the 2023 Idaho Governor's Cup scholarship fundraiser in the gorgeous mountain town of Sun Valley this upcoming September 7-9.

It was wonderful seeing everyone at the event last year after taking the two prior years off. We had record attendance and raised more than \$1 million to go toward scholarships for Idaho high school students to attend Idaho institutes of higher education. We offer our sincerest appreciation to all those who attended and donated to the event. Our organization would not be where it is today without you!

With the funds raised at last year's event, we awarded 39 scholarships this year – 24 academic and 15 career-technical education. These students are smart, well-rounded young leaders who prioritize community service and stay committed to their goals and ambitions for their education and future careers. These students represent a broad array of academic interests, including career technical degrees. We are proud these students have chosen to stay in Idaho, and we are excited for the bright futures ahead of them!

We hope you will join us for a weekend of friends, sporting events, social activities, and evening entertainment, all in the name of a good cause – keeping Idaho's best and brightest students in Idaho to pursue their higher education goals.

See you in Sun Valley!

Sincerely,

BRAD LITTLE

STUDENT APPRECIATION

Becoming a neuroscientist has been my biggest dream since I was 13. I want to learn more about the nervous system and use this knowledge to help people suffering from Alzheimer's and other neurological issues. There are many challenges to overcome in order to accomplish my dream. College is expensive and my career goals require a lot of education. The financial aspect of my education has felt daunting. My dream was just a dream, until recently.

Thanks to the Idaho Governor's Cup Scholarship, what was once a mere possibility is now becoming a reality. Receiving this scholarship will help me to pay for my schooling and allow me to devote more of my time to academics. Thanks to this assistance, I get to learn about the brain and nerves, and continue my life and career in my home of Idaho. I am extremely grateful; this scholarship will make my dream a reality.

STUDENT APPRECIATION

“Dear Governor’s Cup Sponsors,

I would like to thank you for the amazing opportunity this scholarship money provides me. Four years ago, when I began high school, I decided to participate in the CTE program. I took classes in the welding and vet science fields. Little did I know how this decision would influence my future career. I plan to utilize Idaho State University’s superb pipe welding training to TIG weld stainless steel pipes and provide clean water to communities, and I also plan to own my own business. In addition, I have spent many summers working at camps for kids and plan to help camps with needed repairs and projects in the future.

Your help in paying for my training at Idaho State University will not go unappreciated. Like many of you, I am also a sportsman. I just finished building my first fly rod and look forward to using it after classes in eastern Idaho. I shot my first turkey with my grandfather as a young boy and my brother recently played in his first state golf tournament. All these things make me, along with my family, greatly appreciate your contribution towards my academic endeavors.”

"My name is Madison Myers and I am a recipient of the 2023 Idaho Governor's Cup Scholarship. This scholarship will allow me to become a first-generation college student. When I was eleven years old, my younger siblings and I suddenly lost our father due to a heart attack. My mother had been in and out of your lives due to addiction prior to losing my father, I had no idea what my future was going to look like. My grandparents took me and my siblings in and I knew that I had to work hard to beat the addict gene and create a name for myself. I have always loved school and I knew that no matter what happened, I was going to make it to college unlike my family before me. Throughout high school I have spent time taking care of business inside the classroom while also playing four varsity sports. In my spare time I have volunteered as a youth basketball coach, given blood at blood drives, and even spent my summer being a children's summer camp counselor.

I have always had a soft spot for children. I will be going to school at the University of Idaho to become a youth substance abuse counselor. My goal is to help teens become educated on addiction and help them create a better life for themselves. Above everything, I want to be a listening ear and a helping hand for any of the families that may need it. This scholarship is playing a big part in allowing me to do that. This award will relieve a significant amount of stress from my family's shoulders while bringing me one step closer to my goal. Thank you to everyone who has donated to this scholarship fund.”

GOLF

Men and women have the opportunity to play golf together on two spectacular courses managed by Sun Valley, the Trail Creek Golf Course and Elkhorn Golf Course. Golfers will have the opportunity to play in either team scramble format or team best ball and individual stroke play format.

The team scramble format will have two flights, gross and net. Winners will be determined by a two-day (Friday and Saturday) team total.

The team best ball format will have one flight, gross and net. Winners will be determined by a two-day (Friday and Saturday) team total. Additionally, those playing the team best ball format will be eligible for the individual stroke play tournament. Winners will be named in both gross and net contests. There will also be day prizes at each course for men and women long drive and men and women closest to the pin.

If you have an established handicap, please enter it in the box titled “known handicap” when you register online. Handicaps will be verified prior to the tournament. If you do not have a handicap, please enter your estimated usual average score for 18 holes in the box titled “usual score”. A golf professional will assign a handicap for each player who enters a usual score. To manage the net component of the tournament, we need to calculate a team handicap for each team playing in the net format.

The tournament rounds begin on Friday morning and continue through Saturday and will be played on both the Trail Creek Golf Course and Elkhorn Golf Course. Pairings and course assignments will be available at registration. We do not accommodate requests to play a certain course on a certain day. If you are playing both days in the tournament, you will have the opportunity to play both courses. A boxed lunch will be provided on Friday and Saturday.
